A Clean Sweep.

Governor Lewelling seems to be elected ted by a handsome majority. This was entirely unexpected to republicans. He will assume the duties of his office the second Tuesday of January next. He will, it is understood, make a clean sweep of all state appointive offices, a course which will meet with approval from all parties. To the victors belong the spoils is hardly the fair way to put it, but rather say, the new party has woo, over the estimates made by republican managers, fifty thousand votes, and it is only fair and just that the People's party places its friends in power. There is entisfaction to every honest man in Kansas in knowing the fact that Lyman U. Humphrey will no longer dispense patronage from Topeka.-Leavenworth Times, November 12.
